### Electrical food slicer sono<sup>1</sup>

#### - A stylish food slicer

This food slicer made of metal is both versatile and smart-looking.

The suspended metal construction with integrated, elegant bottom panel made of glass allows the sliced food, cut into appetizing slices, placed directly onto plates and dishes. The food slicer's bottom panel is made of high quality, shatterproof glass and gives the slicer an elegant touch.

The slice thickness can be adjusted continuously up to approx. 20 mm. The detachable carriage allows to also cut off larger pieces of food.

The sono<sup>1</sup> is driven by a 65 W eco motor which is 20 % more economical and just the same 50 % more powerful than the previous model.

The suspended construction allows convenient and easy cleaning.

A smooth ham- and sausage circular blade is available for every ritter food slicer.
