- VDE/GS, safety category 2, CE
- dimensions: width 25.5 cm height 25.0 cm depth 37.5 cm
- weight: 3.7 kg

Electrical food slicer inteso⁴

Our food slicer inteso⁴ offers a very high level of stability and slicing performance – and not only due to its full metal design; the inclined position of the food carriage makes it possible to slice very large and soft foods particularly easily. The continuous and intermittent switch, the circular blade cover and the easy removal of the smooth-running carriage with stainless steel plating ensure a high level of operating comfort.

Compared to the previous model, the 65 Watt Eco motor is 20 % more economical and yet 50 % more powerful.

A smooth ham- and sausage circular blade is available for every ritter food slicer.

Technical data are subject to change

*The 2-year manufacturer's warranty applies to all devices sold within the European Union. Your legal warranty claims according to § 437 ff. BGB remain unaffected by this regulation. You can view the warranty conditions at <https://www.ritterwerk.de/warranty>.

About ritterwerk:

ritterwerk was founded in 1905 by Franz Ritter. Since then the medium-sized company develops and produces household appliances which facilitate the everyday work in the kitchen.

The medium-sized company, headed by Michael Schüller, develops, designs and produces exclusively in Gröbenzell near Munich.

The company's philosophy 'made in Germany' not only stands for its production site in Germany. It also incorporates high quality standards, sustainability, appropriate materials as well as functional design, thus clearly following the 'Bauhaus' principles of the twenties.
