- VDE/GS, safety category 2, CE
- dimensions: width 26.0 cm (folded 10.5 cm) height 21.0 cm depth 34.0 cm
- weight 1.7 kg

Electrical food slicer orbis⁵ - with vario electronic – foldable

This foldable slicer made of easy-care plastic does offer simple and safe operation and reliable functions.

When opened, it stands skid-proof on the countertop. The patented, divisible carriage makes sure that the food slicer is always complete, even when folded.

The vario electronics allows the rpm to adapt to the specific food. The appliance also has a switch for intermittent and continuous operation as well as cable compartment.

The orbis⁵ is driven by a 65 W eco motor which is 20 % more economical and just the same 50 % more powerful than the previous model.

When folded, the width of this slicer is only 10.5 cm.

A smooth ham- and sausage circular blade is available for every ritter food slicer.

Technical data are subject to change

*The 2-year manufacturer's warranty applies to all devices sold within the European Union. Your legal warranty claims according to § 437 ff. BGB (German Civil Code) remain unaffected by this regulation. You can view the warranty conditions at <https://www.ritterwerk.de/warranty>.

About ritterwerk:

ritterwerk was founded in 1905 by Franz Ritter. Since then the medium-sized company develops and produces household appliances which facilitate the everyday work in the kitchen.

The medium-sized company, headed by Michael Schüller, develops, designs and produces exclusively in Gröbenzell near Munich.

The company's philosophy 'made in Germany' not only stands for its production site in Germany. It also incorporates high quality standards, sustainability, appropriate materials as well as functional design, thus clearly following the 'Bauhaus' principles of the twenties.
