- VDE/GS, safety category 2, CE
- dimensions: width 22.5 cm height 23.0 cm depth 33.5 cm
- weight: 3.3 kg

Electrical food slicer varido¹ - The “small one” made of full metal

The food slicer varido¹ by ritterwerk does attract attention: Due to its size, the small and silver metallic appliance fits into every kitchen. Its full metal construction does guarantee a high degree of stability and slicing performance. The inclined position of the pressure plate does ensure easy slicing.

The varido¹ is driven by a 65 W eco motor which is 20 % more economical and just the same 50 % more powerful than the previous model.

The two-finger switch-on safety system, switch for intermittent and continuous operation, detachable carriage, food tray and the cable compartment make the “small one” meet high standards.

A smooth ham- and sausage circular blade is available for every ritter food slicer.

Technical data are subject to change

*The 2-year manufacturer's warranty applies to all devices sold within the European Union. Your legal warranty claims according to § 437 ff. BGB (German Civil Code) remain unaffected by this regulation. You can view the warranty conditions at <https://www.ritterwerk.de/warranty>.

About ritterwerk:

ritterwerk was founded in 1905 by Franz Ritter. Since then the medium-sized company develops and produces household appliances which facilitate the everyday work in the kitchen.

The medium-sized company, headed by Michael Schüller, develops, designs and produces exclusively in Gröbenzell near Munich.

The company's philosophy 'made in Germany' not only stands for its production site in Germany. It also incorporates high quality standards, sustainability, appropriate materials as well as functional design, thus clearly following the 'Bauhaus' principles of the twenties.
